Lottery

Pass it on

Please help us find more friends

Currently the money raised by our weekly lottery is enough to fund the running of our Day Therapy unit for one day a week. A fantastic achievement which would be impossible without you. Thank you so much for your support.

Of course we want to help even more local people and for this reason we would really appreciate it if you could pass this leaflet on to a friend.

Should they join, not only will they help us grow our lottery and help more people, but they will immediately put themselves in the running for the **£1,000 weekly jackpot prize**.

It is so easy for them to join:
